

So far this year in 2009 the St. Croix Valley Chapter—Polk County Branch has responded to three tragedies and have assisted families who have lost their homes with basic necessities, clothing and shelter. These are some of the reasons why we do events like the “Neighbors Helping Neighbors” golf scramble that was held on Monday, May 11th. It is because of the generous donations from the following that we are able to continue to help people in need.

## ***ARCHER RESTORATION - EVENT SPONSOR***
